Camp Mak-A-Dream Office Finds a New Home

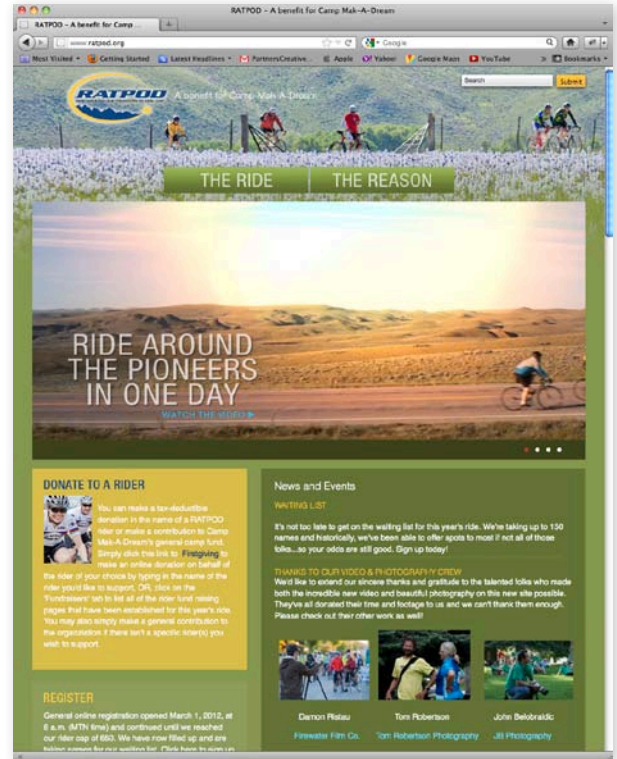

If you're looking for us, we've moved! The Missoula office headquarters has relocated to a larger and centrally located building at 2110 Johnson Street, just north of Southgate Mall.

Thanks to Crowley-Moore, OS2, First Call Computer Solutions and Realtor Julie Gardner for helping us get settled into our new space. If you're in the neighborhood, stop by and say hello.

Exciting New Marketing Tools

In February, the beautiful new RATPOD website and video went live. Thanks so much to PartnersCreative for building the site and to Damon Ristau (Firewater Film Co.) for the great ride video. The new site got a true test during online registration March 1 and came through with flying colors! Check it out at: www.ratpod.org.

Also coming soon, a new look for the Camp website, marketing materials and promotional video (shot during the 2011 camp season). We look forward to sharing our new look with you soon. Thanks again to PartnersCreative for your talent and generosity, and to the video crew of Matthew Clark (Loaded Pictures), editor Mike Southworth (Editville) and Chris White for music.

Help Someone Get to Camp by Donating Frequent Flyer Miles

If you have 25,000 or more unused frequent flyer miles, we'd love to talk to you!

Camp Mak-A-Dream can utilize miles in blocks of 25,000 or more on various airlines including Delta, United and Horizon/Alaska Air. We are also happy to accept any transferable discount coupons, codes or other special offer vouchers.

Donated miles help us:

- ★ Get campers to camp from all across the country.
- ★ Send staff on the road to promote camp and raise funds.
- ★ Bring in professional presenters & speakers for our programs.

Your gift of 25,000 miles (or more) means a child or young adult who may not otherwise be able to attend Camp ... can!

If you're interested in donating miles, please contact us at (406) 549-5987.

Caregivers Conference

We are excited to offer a new program this year focusing on the relationship between cancer survivors and their primary caregivers. Within the supportive environment of Camp Mak-A-Dream, and with professional guidance, adult cancer survivors and their primary caregivers will share experiences and resources, develop skills and ultimately work toward the common goal of fostering better communication and understanding within their relationships.

The conference will include facilitated workshops and group discussions focusing on topics such as communication, finding and utilizing resources and self-care. One-on-one sessions with professionals will be available to address more specific issues. Participants will also have the opportunity to enjoy recreational activities focused on creativity, teambuilding and just plain fun! Medical support is available during the conference, however the expectation is that participants be medically independent. Applications and travel scholarship forms are available at www.campdream.org.

For more information, contact Beth Jones at Beth@campdream.org or (406) 549-5987.

What Camp Means to Me

About 14 years ago, I attended Camp Mak-A-Dream. I first attended the Women's Retreat and then the Young Adult Camp. I was in the middle of treatment for Hodgkin's Lymphoma, in which I was a stage 4 and undergoing chemotherapy and radiation. I came to camp as a very bald, skinny, scared 19-year-old who had no idea what the future might hold for me.

What I found at Camp Mak-A-Dream was a haven where I didn't have to explain why I was scared, why I felt so fundamentally different than the rest of my peers and what being a 'survivor' really means. I found a place where I could feel scared, happy, sad, overwhelmed, joyous and adventurous — all in the same moment — and I didn't have to be "strong" all the time. It gave me the right to embrace the new identity that had been thrust upon me — for good or bad.

My husband and I are currently in a position where we can afford to make a monthly donation in hopes that other young people will be able to have an experience at camp like I did.

I have not had a recurrence of cancer, and have now been married for 12 years with three children. They are my miracles and I thank God every day for the life that has sustained me and for the people who helped me through one of the most difficult journeys of my life.

Please let me know if there is anything else I can possibly do to help camp.

*Best regards,
Shawna*

Memorial Garden Grows

After several years of development, great progress is being made on the memorial garden at Camp that we fondly call the Granader Gardens. This is a place where campers and volunteers can go to be quiet, to reflect and to remember those who are no longer with us.

Thanks to a generous gift from Charlie and Margaret Burback, a camper memorial wall, large decorative Montana boulders and an accessible pathway will all be ready for the 2012 summer camp season. The wall will contain the names of all former campers who have passed away, and is a place where we will continue to honor the memory of our participants.

Camp Mak-A-Dream receives and appreciates memorial gifts throughout the year. If you're interested in honoring the memory of a loved one, or naming Camp Mak-A-Dream for memorial gifts, remittance envelopes are available through our Missoula office. Gifts also can be made online at www.campdream.org.

President's Message

Dear Friends of Camp Mak-A-Dream:

For almost two decades, Camp Mak-A-Dream has made it possible for thousands of children, young adults and families affected by cancer to experience the profound hope that can only be found in our weeklong Montana camps. We use this hope not to find the cure for cancer, but to beat cancer. We beat it by forming lifelong friendships, by climbing mountains, by floating rivers, by roasting marshmallows under star-filled skies, by comparing scars and most importantly, by contributing our time and resources so those affected by cancer can experience the magnificent hope that can be felt by being in Montana.

Out of these Montana experiences our participants conquer cancer by regaining their time, their hopes and their dreams. For almost two decades, we have watched how one week of Montana time can heal what reason, pills, needles and treatments cannot.

On behalf of everyone at Camp Mak-A-Dream, thank you to all of our supporters for sharing your talents and resources so that we may extend time and dream big. With your continued support, we promise to continue to beat cancer one week at a time.

Dream Big,

William E. McCarthy
Board President

Founder's Profile

Each year we're pleased to share a message from our founders ... and here is what Sylvia Granader had to say to you this year.

Looking back, tell me about your favorite Camp memory.

I've always loved seeing the children and working with the amazing volunteers and staff.

What are you (and thinking about Harry, your late husband) proudest of today?

Harry always loved walking around the camp from activity to activity watching the magic of Camp happen. The speech he wrote and gave at the end of every camp season said it all. He loved this place and so do I!

What is your dream for the future of Camp Mak-A-Dream?

I think if everything continues on as it is now — with so many camps for so many different ages of people — that would be wonderful. Giving them all a week at Camp is a very special thing.

Describe your times in the art studio weaving with campers.

Those are some of the most memorable and pleasurable times of my life — being there in the art studio with the campers, hearing about where they're from and all the fun things they're doing at the Camp — that warms my heart.

What do you love most about Camp?

Being there — in Montana, with the campers, in the place Harry loved. That's what I love most. And every day I wear a vest that has the camp logo on it so it is always close to my heart, even when I cannot be there in person.

Is there anything special that happened to you this past year?

Well, I now am fortunate enough to have two great-grandchildren. Young Harry, who is 2 1/2 years old, and now his little sister, Montana, who was born this past winter. They are a joy!

CEO's Report

Imagine you've been diagnosed with a life-threatening illness. Imagine all the scary words and treatment details that are thrown at you when the only word your mind keeps repeating is "cancer." Imagine you've never heard of these side effects, these medicines, or even the name of the cancer with which you've just been diagnosed. Imagine how scary this is. Imagine how lonely this is.

For 17 years, we at Camp Mak-A-Dream have made the cancer experience just a little less scary and just a little less lonely. In the peaceful surroundings of Gold Creek, Montana, we are able to continue prescribed cancer therapy, to give necessary blood transfusions, to give IV antibiotics and to maintain labs. But this is all done in the background. What we do in the foreground is provide an environment where those affected by cancer can talk openly — to share experiences and to laugh and to feel just like everyone else around them. Individuals may arrive as scared cancer patients and leave empowered as a part of a unified, close-knit community.

The word "community" conveys the essence of our programs and of our mission. More than 5,300 people have benefited from our programs and been a part of the physical community of Camp. This has only been possible because of the community of thousands of volunteers and donors who have contributed to Camp Mak-A-Dream since 1995. You should be proud to be a part of our Camp Mak-A-Dream community. Please share this pride with your friends, family, neighbors and colleagues. The larger our donor and volunteer community becomes, the more intimate community-based programs we can provide.

If you'd like us to send you information to help share our story with others around you, please contact us. On behalf of our board of directors, our staff, our volunteers and most importantly our participants, thank you. Thank you for your continued support, and for your passion.
